PROFESSIONAL EXPERIENCE

Full Stack Developer Intern

Maang Technologies

02/2023 - Present

- Developed Ecommerce using Type Script + React Js And Backend Using FastAPI Python
- Led the development of secure payment gateways, ensuring seamless financial transactions.
- Developed Payment Gateway using Type Script + React Js And Backend Using FastAPI Python
- Mentored and led a team of frontend interns, guiding them in best practices and project execution.

PROJECTS

Hospital Management

Designed, developed, and maintained a comprehensive Hospital Management System using JavaScript, PHP, and MySQL, catering to the unique needs of the healthcare industry as a Software Engineering Project

Ecommerce Website

Designed and developed "Buy Rent App", an e-commerce website using React.js, incorporating responsive design and e-commerce features. Incorporated API calls to fetch and display real-time product data, enabling seamless synchronization with the backend and up-to-date product listings on the website.

Todo App Using FastAPI

Developed a web-based To-Do application using FastAPI in Python, enabling users to manage tasks, including creation, editing, completion, and deletion.

Razorpay And Cashfree Payment Integrations

Implemented and integrated Razorpay and Cashfree payment gateways for secure online transactions in e-commerce applications using react + typescript and backed fastapi python

Travel Website

Contributed to the development and maintenance of a travel website, enhancing user experiences and facilitating seamless travel bookings using java script and php.
